TECHNICAL COMMUNICATION

Faculty of Automatic Control and Computer Science
Lecturer Simona Mazilu, PhD

Meeting a Career Counselor: Robin Ryan

- https://www.youtube.com/watch?v=J_lgyK37JJM
- **Key aspects** discussed:

1) Job hunting
2) Networking
3) LinkedIn profile
4) Resume: top five selling points
5) Cover letter: matching one's strengths to the job requirements
6) Interview questions
7) Thank-you note
8) Salary negotiation

Samples of Interview Questions for Our Simulation

VARIANT A

1. Tell me a bit about yourself.
2. What skills and qualifications do you have that make you a suitable candidate for this position?
3. What are your strengths and weaknesses?
4. Suppose you were part of a team assigned to complete a task with a short deadline. One of your team members does not do what they have been required to do. What would you do?
5. Why should we hire you and not other applicants for this position?

Samples of Interview Questions for Our Simulation

VARIANT B

1. Start by saying a few words about yourself.
2. Why do you consider yourself suitable for this position?
3. Talk about your strong and weak points.
4. Describe a time when you were in conflict with a colleague and how you approached the situation.
5. What are your salary requirements?

Samples of Interview Questions for Our Simulation

VARIANT C

1. Talk a bit about yourself.
2. What qualifications do you have for this position?
3. What do you want to be doing in five years' time?
4. How would you describe your personality?
5. What is your impression of our company?
